

SMARTSIDE®

TRIM & SIDING

LP SmartSide is a complete solution featuring lap siding, shake siding, panel siding, soffit, trim & fascia. Manufactured since 1997, LP SmartSide has nearly two decades of proven performance and it's backed by one of the best warranties in the business. SmartSide is faster and easier to install when compared to other composite siding products. 16' lengths create fewer seams than other composite siding products and SmartSide has the most authentic real cedar look. It's easy to see why LP SmartSide has become so popular.
