Product Catalog

We would like to thank you for choosing Cedar Siding Incorporated for your factory finish and building material needs.

Factory finishing is a solution and factory finished products carry a value proposition that simply cannot be ignored. They cost less and last longer than the exact same products coated on the jobsite! We appreciate your continuing efforts to educate contractors and homeowners about the benefits of factory applied coatings.

Our factory finish machine coat technology is a time tested system that has proven results. It is also a process that continues to evolve and improve each year. Cedar Siding, Inc. has played a key role in the development of new and better coatings, coating processes, and packaging solutions for more than 20 years. The result... together we are providing your customers with the best factory finished products available.

We encourage you to come tour our facility and see for yourself why Cedar Siding produces the highest quality factory finished products available today.
