LP SmartSide[®]

Siding & Exterior Trim

SmartSide Composite Trim

SmartSide trim products are engineered to perform against harsh weather. They resist checking, shrinking, buckling, twisting, delaminating and splitting at the ends. And they are all treated with the patented SmartGuard process to resist structural damage caused by termites and fungal decay. The proprietary edge coating provides enhanced moisture resistance, and you can count on LP's special binders to add stability and strength. The 50-year product warranty fully covers materials **and labor** for the first 5 years. LP's warranty includes **complete replacement costs** including factory finishing for the **strongest product warranty of any trim product we represent.**

MaxiTile Fiber Cement Trim Products

are manufactured by Plycem, MaxiTile's sister company. MaxiTRIM products carry a 25 year warranty, the best warranty in the fiber cement trim category. Unlike most fiber cement trim products, MaxiTRIM has the workability of common wood products because it cuts easily, can be routed and is not susceptible to cracking or breaking. Just like the MaxiTile siding products, MaxiTRIM is primed on all 6 sides for complete protection and excellent paint adhesion.

VERSATEX®

TRIM BOARD

Engineered forever.

Versatex Trim Boards

Stealth System

Corners

Stealth Corner

Window & Door Surround

Standard Stealth

Stealth with Flange Slot

Trim with Flange Slot

Versatex Trim Boards are the next generation in exterior trim products. Made from closed cell extruded polyethylene, these products are completely impervious to water meaning they cannot absorb even the smallest amount of water. Versatex has the best test data on resistance to yellowing compared to the other well known brands in this category. They were also the first to create the stealth system for trim which allows pieces of fiber cement, SmartSide or even vinyl to slide behind the face of the trim product for an excellent finished look. Versatex comes with a 30 year **transferable** warranty, making Versatex a virtually maintenance free product. This product is available prefinished with up to a 25 year coating warranty in colors with LRV>55.
